verizon

1 Available to select small business customers, subject to Major Account Agreement and credit approval. Not available in all areas/locations. LTE Business Internet is available within the U.S. on the Verizon Wireless 4G LTE network. No domestic or international roaming. After 22 GB/mo./line, your data may be temporarily slower than other traffic during times of congestion. All data speeds will be limited after a specific monthly per-line data threshold (speed and threshold vary by plan). Cannot be used for certain applications, including audio/video streaming, web hosting, public/guest Wi-Fi, voice and text. Verizon-provided CommScope router (ARRIS NV5558) purchase required. One (1) One Talk voice line included with bundle package; One Talk desk phone purchase required. Broadband Connection required for One Talk desk phones. Five-license pack Business Internet Secure DNS included with bundle package, with one license covering one device (laptop, desktop, smartphone or tablet); 10- and 25-license pack upgrades available; one DNS license pack at a time per customer account. Laptops, desktops, smartphones and tablets not included in bundle package. Terms and conditions apply.

2 Includes DNS and antivirus software.

3 Based on an independent study of 3 M+ U.S. wireless voice primary business phone numbers (1Q 2020).

4 America's most reliable and #1 overall network based on rankings from the RootMetrics® U.S. National RootScore® Report: 1H 2021. Tested with best commercially available smartphones on four national mobile networks across all available network types. Your experiences may vary. The RootMetrics award is not an endorsement of Verizon.
