01

ENJOY LATTES, CAPPUCCINOS AND FLAT WHITES

At the touch of a button using the Nespresso Momento Coffee & Milk machine.

02

INTERACTIVE TOUCH SCREEN DISPLAY

Making it easy for staff and customers to make a high quality and delicious coffee.

03

CAPSULE RECOGNITION TECHNOLOGY

The aromas and intensity of your chosen capsule and ideal cup size and coffee recipe recommendations are shown on screen.

04

ENJOY A RANGE OF DIFFERENT COFFEES

The dispenser holds up to 4 different coffee varieties to provide your employees and guests with choice.

05

EASY TO CLEAN AND MAINTAIN

The dispenser holds up to 400 Nespresso coffee capsules for easy and fast refill. Automatic rinsing of the coffee machine throughout the day and maintenance alerts when required to make your life easier.

06

VERSATILE PAYMENT OPTIONS

You can offer complimentary or paid options for your employees or guests using either cashless payment or employee badge.

07

FLEXIBLE MACHINE SET UP

We offer different set up options to suit the needs of your business. You can choose from the mini tower, side by side or full tower models.

08

CONVENIENCE AT EVERY TOUCHPOINT

Optional direct water connection is available for easy maintenance. You can purchase the optional full tower set-up for extra storage.

09

ENVIRONMENTALLY CONSCIOUS

We've designed the machine to have programmable energy saving modes to minimise its environmental impact.
